Argus Camera

Argus was an American maker of cameras and photographic products, founded in 1936 in Ann Arbor, Michigan. Argus originated as a subsidiary of the International Radio Corporation, founded by Charles Verschoor. Its best-known product was the C3 rangefinder camera, which enjoyed a 27-year production run and became one of the top-selling cameras in history. The company's Model A was the first low-cost 35 mm camera in the United States. Sylvania acquired Argus in 1959 and sold it in 1969, by which ti

Argus (camera company) - Wikipedia

Argus Inc. was a camera maker based in Ann Arbor, Michigan, USA. Before 1939 it was International Research Corporation, a department of International Radio Corporation, Ann Arbor. It was the American company that popularized the modern cartridge 35mm film in the U.S., especially by its characteristically brick-shaped rangefinder cameras.

Balda. After 33 years of camera business, Argus was sold to the Sylvania company, and Recently, the Argus trademark has been re-established, and is now in use as a digital camera brand.

Argus Price Guide: estimate a camera value

The Argus C3 was a low-priced rangefinder camera mass-produced from 1939 to 1966 by Argus in Ann Arbor, Michigan, United States. The camera sold about 2 million units, making it one of the most popular cameras in history. Due to its shape, size, and weight, it is commonly referred to as "The Brick" by photographers. The most famous 20th-century photographer who used it was Tony Vaccaro, who employed this model during World War II.

Argus C3 - Wikipedia

Ten new 'argus' surveillance cameras are being installed around the 45th Precinct as of Wednesday, August 28. Councilman Mark Gjonaj made the announcement adjacent to the City Island Bridge on City Island Avenue, one of the locations that received the monitored camera upgrade.
