Amazon.com: Encyclopedia of Language and Education ...

In discussions of language and education, language is usually defined as a shared set of verbal codes, such as English, Spanish, Mandarin, French, and Swahili. But language can also be defined as a generic, communicative phenomenon, especially in descriptions of instruction. Teachers and students use spoken and written language to communicate with each other – to present tasks, engage in learning processes, present academic content, assess learning, display knowledge and skill, and build
