rejects "one size fits all" solutions to common challenges in academic libraries in favor of creative problem solving; and. provides guidance on how to use case studies as effective models for positive change at one's own institution.

Academic Library Management: Case Studies | ALA Store

This article aims to give an overview of how the field of knowledge management may be applied to academic libraries. In an article published 15 years ago by Charles T. Townley, Knowledge Management and Academic Libraries (Townley, 2001), the author states that libraries do not manage knowledge as well as they manage information. Librarians are information workers, and it is therefore likely that knowledge management could and should be applied in academic libraries.

Managing knowledge in academic libraries. Are we? Should we?

Introducing CRM into an academic library Introducing CRM into an academic library Mei-Yu Wang 2007-07-31 00:00:00 Purpose – This case study was conducted with the purpose of discovering the possible barriers when a customer relationship management (CRM) implementing plan was initiated in the library context, and exploring its efficiency and effectiveness after implementation.
