The food served here was pretty much like the other Thai food truck's menu, but with a few additional dishes. Dishes with chicken were priced at \$8, while beef/shrimp dishes were \$9. I promptly ordered the Drunken Noodle with chicken and patiently waited along with the other customers lined up in front of Trinity Church.

Even expats who have lived here a long time often stick to the same half a dozen dishes. So, to help these people out, I do a Thai Street Food Challenge every year on Facebook and Twitter. The idea is to eat 100 different dishes in one month. My rules are that I can only buy on the street, in markets, and in shop houses with three walls.

Thai food is taste-based. Thai food is very much a "taste based" cuisine. Taste testing is an extremely essential step in cooking Thai food. Even on the streets of Thailand when you order green papaya salad they occasionally will ask you to taste test it to make sure it's alright to your liking before spooning it into a bag to go.

The philosophy of Thai food. You will only very rarely see a Thai cook with a measuring device - and when you do, this is normally in a cooking class for Westerners. In fact, Thai food is quite forgiving and, once you have understood the basics, you will enjoy playing with the quantities and ratios of various ingredients used.
