### **Amazon.com: The Social Epistemology of Experimental ...**

This book proposes a comprehensive framework - the social epistemology of experiment - that aims to account for and appraise the processes and practices by which knowledge is produced by experimental means. The framework is built upon various studies of experimental practice in both the natural and social sciences.

21st century. At the heart of this new approach is the idea of pursuing philosophical questions using methods more typically associated with the social sciences.

### **Experimental Philosophy (Stanford Encyclopedia of Philosophy)**

Social epistemology gets its distinctive character by standing in contrast with what might be dubbed “individual” epistemology. Epistemology in general is concerned with how people should go about the business of trying to determine what is true, or what are the facts of the matter, on selected topics.

An Epistemology of the Concrete brings together case studies and theoretical reflections on the history and epistemology of the life sciences by Hans-Jörg Rheinberger, one of the world's foremost philosophers of science. In these essays, he examines the history of experiments, concepts, model organisms, instruments, and the gamut of epistemological, institutional, political, and social factors that determine the actual course of the development of knowledge.

### **Duke University Press - An Epistemology of the Concrete**

be understood as a draft of a general theory of world-disclosure, which is in its core a distinction between two forms of world-disclosure:

## **Experiment and Exploration: Forms of World-Disclosure ...**

Social philosophy is the study of questions about social behavior and interpretations of society and social institutions in terms of ethical values rather than empirical relations. Social philosophers place new emphasis on understanding the social contexts for political, legal, moral, and cultural questions, and to the development of novel theoretical frameworks, from social ontology to care ...
