Know your customers' needs - Info entrepreneurs

Wants are More Powerful. What the customer wants is often more of a powerful motivator than what they need. This becomes clear when you listen to your customer and ask them to tell you why they want what they want. Usually they have a burning desire to get what they want and simply what you to show them how they can get it. Customers tend to get more value, joy, and satisfaction from purchasing what they want versus what they need.

The Difference Between Customer Needs and Wants | Game-Changer

A customer need is a motive that prompts a customer to buy a product or service. Ultimately, the need is the driver of the customer's purchase decision. Companies often look at the customer need as an opportunity to resolve or contribute surplus value back to the original motive. An example of customer need takes place every day around 12:00 p.m.
